

BRAKE SYSTEMS ESTELLE/RAPID

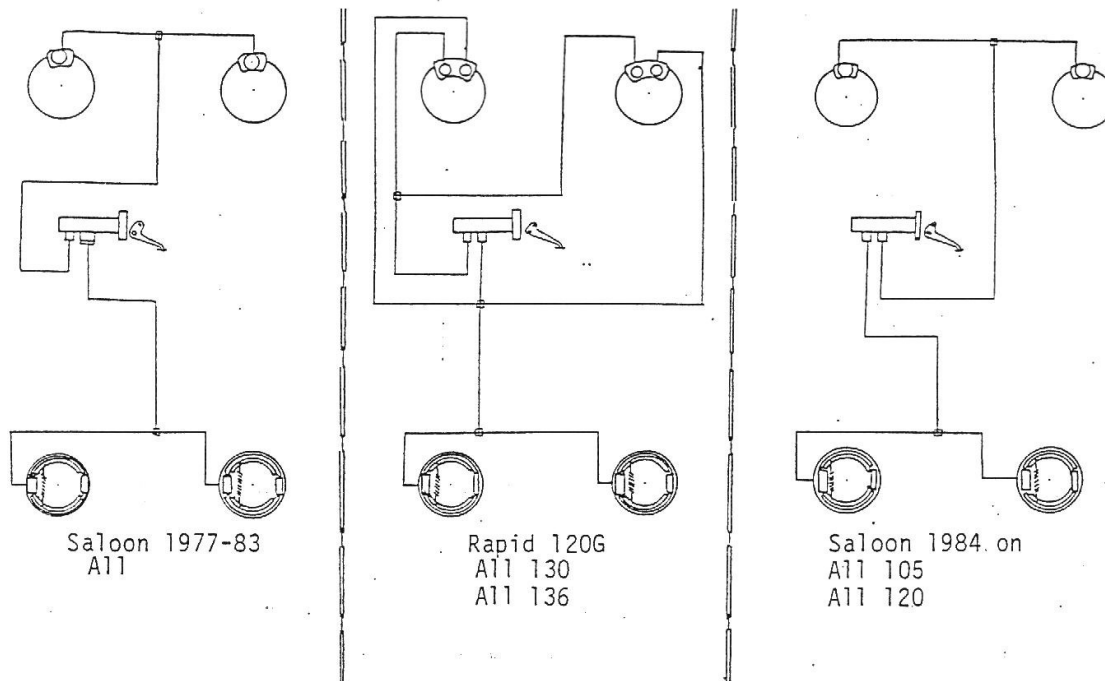

The braking systems have developed over the years and can now be divided into three basic systems.

1. 1977-83 ESTELLE ONE
2. 1983 on ALL 130 MODELS & ALL RAPID
3. 1984 on ESTELLE TWO 105/120

and we list below the principle differences and give a chart at the end summarising the differences.

BRAKE CIRCUITS

The drawings show the principle differences between the three systems.

BRAKE FLUID

BRAKE FLUID TO BE CHANGED EVERY YEAR

Standard SAEJ1703C
SAEJ1703F or
DOT 4

Brake fluid can damage paintwork - clean off immediately.

Warning: if the car has been stored for a long period, it is advisable to operate the brakes, to ensure that they are functioning prior to moving the vehicle.
